Steve Mattar, Corporate Benefits Solution, provided a brief overview of the Benefits Renewal Analysis including health, dental and vision, long term disability and short term disability programs. He responded to Council Members' questions.

3. Resolution Establishing FY 2023-24 Pay Ranges and Salaries/Wages - Non-Union Employees

Village Manager McClary stated he is recommending that Council adopt a resolution establishing FY 2023-24 salary and pay ranges for administrative officer and non-union positions of the Village as well as a 7% salary or wage increase for employees currently filling those positions. He noted that the salary and wage increase is commensurate with the increases proposed or approved for the POAM and AFSCME employees. Village Manager McClary explained that the adjustments in salary and wage ranges reflect a 3% annual increase in minimum and maximum salaries and wages for each year since 2015-16, the last time a comprehensive wage and salary range schedule was reviewed and adopted.

Council Members discussed the following:

- Increase in wages being greater than the increase in taxes.
- Inflation rate over past years
- Proposal A's impact on assessed property values and taxes
- Impact on budget
- Inappropriateness of the increases
- Data used and the importance of looking at comparable municipal positions and not the private sector
- Retaining qualified, good workers and remaining competitive in the job market.

Scott Gabriel, 941 Joslyn, stated the Village is in great competition today to hire new employees. In addition, when an employee leaves, the Village loses its investment of these employees and costs will be needed to train new employees.

Harry Stephen, 311 North Shore, stated when the Village adopted the budget it did not anticipate the cost of the pay increases. In addition, the Village has three new employees who should receive their pay increase on the anniversary of their hire day. He also noted inflation is coming down.

George Dandalides, 226 Bellevue, stated that he supports the raises and thinks they are reasonable and fair.

4. Amendments to Ordinance - Pelton Boat Docks Regulations

Village Manager McClary stated Administration is requesting that Council give second reading to, and adopt, an ordinance which would amend Chapter 98 of the Village code of ordinances relating to Pelton Boat Docks regulations. He explained that these amendments are necessary to include reference to the Green's Park boat docks since they were recently constructed and to eliminate the \$25 boat dock permit fee and authorize the Village Council to establish the permit fee by resolution.

Council members discussed whether the purpose of the docks were for docking only or if they can be used for other things such as fishing.

Village Manager McClary stated that the docks were constructed for docking purposes and not fishing. However, if a safety hazard arises, the Police Department can address it.

President Pro Tem Rutt stated that this issue will be on the next Parks & Recreation Advisory Committee Agenda, noting that an ordinance may be needed to designate fishing area in the park.

Harry Stephen, 311 North Shore, stated there are aluminum posts sticking out from the docks which can damage boats. He suggested the Village put some type of protection on the posts to help avoid damage to the boats docking. Also, he noted that the docks are short and the pontoon boats are having difficulty tying up their boat.

5. Review of Mobile Food Establishments Ordinance

Village Manager McClary stated that pursuant to the request of Council Member Van Portfliet at the May 22, 2023, regular meeting, Village Council is scheduled to review the Village's current Mobile Food Establishments ordinance, Lake Orion Code of Ordinances, Sec. 115.01 et. seq.

Council Members discussed the following:

- The need to regulate/license or not regulate/license mobile food trucks
- Food trucks regulated through the zoning ordinance
- Food trucks on M-24
- Support for using Orion Township's Ordinance
- Differences between other ordinances such as truck location, times of operation, inspections, limitations, signage, odor, lights
- Similar to the Village's garage sale ordinances, to have limitations so people do not set up shop in their yards.

Garrett Hoffman, 2541 Gemini Ct., stated he has already done this process with Orion Township. That is why you do not see a lot of concerns in the Township. He noted the biggest issue with Orion Township was safety and that is why the Fire Department handles it. Mr. Hoffman further stated overnight parking is needed, and he would not like to see the restriction of one time each year. Mr. Hoffman offered to send to the Council what they have done with Orion Township.

He explained that the village receives funding through the SMART tax millage each year, and the village has historically allocated the funds to the North Oakland Transportation Authority to assist with public transit funding.

**10. Call to the Public**

Harry Stephen, 311 North Shore, expressed concern that there were items on the agenda that were not discussed such as cityhood and a report on the trolley.

## 11. Council Comments

Council Member Lamb commented on the following:

- Cityhood: Rob Reighard is circulating petitions to dissolve the Village into the Township; provided a comparison of millage rates: 44.076 - Village, 35.05 - Township, and 41.41 - City; People treasure the Village services such as snowplowing and police. If the Village is dissolved into the Township Village resident will benefit by having less taxes but lose some services.
- Salaries: Employees received a generous raise
- Village Manager's Report - Petition Status: read into the record the update regarding the petitions from the Village Manager's report; shocked Council would choose to sue the petitioner along with Oakland County. Village should be suing the committee and not Mr. Patterson.

Council Member Ford commented on the following:

- Provided a report regarding the Paint Creek Trail including information regarding the Paint Creek Trail Walk, the Commission is assessing electric scooters and single wheel devices; and Safety issues at Clarkston Road because people are having trouble crossing the bridge with the increase in traffic.
- Stated regarding the petitions, neither of the Clerks certified the petition prior to circulation and clarification of the wording is needed. The Village is not suing the petitioner or people who signed the petition. The request is for clarification.

President Pro Tem Rutt commented on the following:

- She attended a workshop presented by the MML on the process of becoming a city including the benefits and downside. If anyone is interested in the information, she will forward it along.
- Village is already part of the Township; Village residents already pay Township taxes. The Village would have to be dissolved to be part of the Township.
- She requested the Village look at placing a stop sign at Broadway and Front Street.
- She noted the Rules of Procedures is forthcoming.

Council Member Cyrowski, noting the road ends are there for people to access the Lake, inquired if there is an ordinance regarding this, is it on the plat or is it just an understanding. He stated regarding becoming a City, all that he has read, indicate there were advantages of being a City and that he would like to investigate it further.

Council Member Moshier stated regarding the petitions, that it is a sad day when the citizens cannot develop a petition and submit it and then have a lawsuit. She stated the citizens worked very hard to get the signature for something they believe in.

Council Member Van Portfliet commented on the following:

- Thanked everyone who were involved with Dragon On the Lake, noting everyone did a great job.
- In response to questions he has had regarding bringing an ordinance forward, he explained that citizens are most welcome to suggest items for consideration by the Planning Commission by either addressing the Commission during public comments or sending correspondence to the attention of planning and zoning coordinator.
- Noting that Cityhood has been on Council's goals for a long time and that he looks forward to the discussion and debate. MML is a good resource for information.
- Concurred with Council Member Ford that the lawsuit is about language and process
- Noted there is some improvement to the sound system in the Council Chambers, but it still needs some improvement.
- Thanked Mr. Belinger and Mr. Scott for continuing to serve the community.

President Narsh commented on the following:

- Stated that Dragon on the Lake was great, and the Art Center did a great job bringing art, culture, music and food to the community
- Reminded everyone that the Golling GMC Car Show is October 1, noting the proceeds go to Cops for Kids.

## **12. Village Manager Comments**

Village Manager McClary reported on the following:

- Initiative Petition Update: The lawsuit filed is not an attack on anyone. However, we believe that the petition process did not follow the requirements. The petition was submitted to Oakland County instead of to Village Council for review and determination. He noted the citizens voted and adopted the Charter that we have and we are bound to follow the Charter.
- FY 2022-23 Audit Process: Met with Auditors on July 25 to discuss audit procedures, schedules and issues.
- Park Avenue Retaining Wall: Is working with the Village engineer and DPW Director to schedule an informational meeting and discussion with property owners on Park for mid-September to review the project scope of work and discuss an acceptable cost sharing arrangement
- DDA Acquisition of Lumber Yard Property: The DDA purchased the Lumber Yard property on August 28
- Capital Improvement Plan and Comprehensive Fee Schedule: He continues to work on this project and hopes to have it wrapped up by the end of the year

- Police Chief Appointment: He will be appointing Todd Stanfield to the position of Police Chief as soon as he and Lt. Stanfield work out the details.
- Reviewed upcoming important dates.
